BUILDING A
STRONG FOUNDATION
FOR YOUR **FUTURE**

INTRODUCTION

Established in 1995 as Modi Constructions is now a well known company reconstitued as SS Modi Infrastructure & Developer. We are an established Construction Company undertaking various civil construction works in and around the western parts of M.P. We have a team of qualified and experienced engineers to take up any kind of construction work and also good strength of labour for quality construction work.

Our company's ideology in terms of commitment to time bound completion of projects and high quality construction have been the corner stones to our rapid growth over the years.Wherever we work, whoever we work with, we follow best practices and aspire to leave a positive impact on our clients. Our success has been possible due to the contribution and dedication of our team. Our engineers, supervisors and workers are capable of handling complex projects and focus on offering 100% customer satisfaction and support.

Our professional, focused and long-term approach aids us in facilitating projects of all scales and sizes. We believe our clients deserve the best, which is exactly why we emphasize on minimizing costs and fostering innovation.Keeping the customers satisfaction as utmost priority, the company has bagged several repeat orders from the clients.

MISSION

- Our mission is to perform for our customers the highest level of quality construction services at fair and competitive prices.
- To ensure the longevity of our company through repeat and referral business achieved by customer satisfaction in all areas including timeliness, attention to detail and service-minded attitudes.
- To maintain the highest levels of professionalism, integrity, honesty and fairness in our relationships with our suppliers, subcontractors, professional associates and customers.
- To continually innovate, develop and adopt state of the art technology in methods and materials to enhance productivity and cost effectiveness.
- To continually improve the competence of our team, and employ diverse, innovative & results-oriented personals, motivated to deliver excellence.
- To build a safety culture aimed at continually reducing the frequency severity rate towards achieving zero accidents.
- To identify and mitigate all the environmental impacts arising from our activities, and comply with applicable environmental norms.

VISION

To be recognised as a top class construction company known for its execution capabilities and commitment to customer satisfaction. Using modern principles and sophisticated technologies Company envisions being the primary preference at all times, for their renowned excellence, quality, performance and reliability in all types of constructions.
