Why did you turn to homeopathy?

Is homeopathy treatment real?

It's a big myth. I have seen in my practice kidney stone pain getting better in 32 seconds and cancer getting treated in three months time. Patients getting life time treatment in just 1 month. But this does not happen in every patient due to lack of information given by patients & not following Do's & Don'ts of homeopathy.

disease?

We all know that person who gets sore throat after eating ice cream doesn't suffer the same in Kashmir due to happy mood. Mind is in brain, which controls the whole body functions. Therefore the disturbed mind hampers brain functions thus leading to disturbed physiology & immunity.

Why did you turn to homeopathy?

After practicing allopathy for with my own nursing home of beds and three bed ICU, I was facing lot of side-effects & allergic reaction, to which, I had to face embarrassing situations and feel sorry for no mistake of mine, even though working hard and sincerely.
