About Us

At PG TECH ORGANIZATION, we believe in scientific and innovative growth through technological advancements and community inclusiveness. We started this organization for the sole purpose of contributing to the scientific community and making a positive impact in the world. We are personally committed to deliver the best with our dedicated (and adorable) team.

PG TECH PVT LTD (PGTPL)

Is an internationally recognized manufacturing & distributorship firm. We in partnership with branded international manufacturers deal with scientific & analytical instruments. With over 8000 customers nationwide and 10+ international dealers from major Pharmaceutical, biotechnological, chemical organizations. We are committed to provide world class products/services in exclusivity for our customers.

Ram2 Laboratories

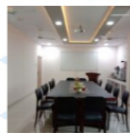

Is India's exclusive research organization established for the purpose of creating awareness on scientific & analytical instrumentation in the scientific community. With our institutionally certified courses, we provide research/training on high tech analytical and scientific instruments used in pharmaceutical, chemical and advanced technology's industries. Our institution provides a unique platform for the students to strengthen their academic and technical knowledge with our expert faculty members and hands on instrument training. Our organization, in association with universities and govt. & private colleges/institutes, also conduct training programs and seminars in central India.

GYAN PREM EDUCATION & SOCIAL DEVELOPMENT SOCIETY (GPESDS)

(est. 2003) believes in inclusive society culture and empowerment through skill development education. In the memories of late Mr. G.P. Tiwari and his beloved wife late Mrs. P.V. Tiwari, Gyan Prem Educational and Social Development Society" was established as a non-profit organization with the aim to serve our nation by accrediting and promoting research and skill-based education in the scientific community working for Skill India, Make in India, and Clean and Green India Initiative. To comply with and fulfill our objectives we have established PG tech research institute where we provide students with on hand instrumentation learning and research training.
